

# CHASE Finance Park™ and Your Paycheck

Are your employees stressed out about money?  
As an employer, that ends up being your problem.

Increased absenteeism, wandering minds, negative attitudes, even poor health, all can stem from poor financial management. Problems from home almost always affect an employee's performance.

## You need JA's CHASE Finance Park™ and Your Paycheck!

Can you imagine learning how to drive a car by a classroom lecture? The best way to learn to drive a car is by hands-on learning, and the same goes for personal budgeting. CHASE Finance Park™ and Your Paycheck consists of a hands-on personal budgeting session at the JA CHASE Finance Park™ learning lab.

## Topics Covered

- Financial literacy for your future!
- Identifying budget options and expenses.
- Creating budgeting plans.
- Taking financial responsibility.
- Understanding credit and identity theft.

“We’re ecstatic about the experience. Our employees haven’t stopped talking about it! The program had a great impact on them.”

**Diane Fischer**

Owner of L&D Mail Masters

The low-cost seminar includes all materials, a workshop at the Park, and JA staff support! For more information, please contact Maria Baumgartner at **(502) 561-5437**.
